SW780 | 305098

General Information

Description	Human T-cell leukemia virus type 1 (HTLV-1) (Thiotepa). HTLV-1 is a retrovirus that causes HTLV-1-associated myelopathy (HAM) in 41%.
Organism	Human
Tissue	CD4+ T cells
Disease	HTLV-1-associated myelopathy (HAM)
Synonyms	SW-780, SW 780

Subject Information

Age	80 years
Gender	Male
Ethnicity	Japanese
Morphology	CD4+ T cells
Growth properties	CD4+ T cells

Identification

Citation	SW780 (HTLV-1) Cytion 305098
Biosafety level	1
NCBI_TaxID	9606
CellosaurusAccession	CVCL_1728

Characteristics

Tumorigenic	Yes
