

CPK A7r5 | 305198

General information

Description	CPK A7r5, recombinant CPK from <i>Salmonella enterica</i> serovar BDlx, CPK A7r5 is a recombinant CPK from <i>Salmonella enterica</i> serovar BDlx. CPK A7r5 is a recombinant CPK from <i>Salmonella enterica</i> serovar BDlx. CPK A7r5 is a recombinant CPK from <i>Salmonella enterica</i> serovar BDlx.
Organism	<i>Salmonella enterica</i>
Tissue	Intestine, Liver, Spleen
Synonyms	A7R5

Characteristics

Breed/Subspecies	BDlx
Age	Adult
Morphology	Gram-negative
Growth properties	Fast growing

References and safety

Citation	A7r5 (CPK A7r5) Cytion 305198
Biosafety level	1
NCBI_TaxID	10116
CellosaurusAccession	CVCL_0137

Protein expression and purification

Protein expression	CPK A7r5, recombinant CPK from <i>Salmonella enterica</i> serovar BDlx, CPK A7r5 is a recombinant CPK from <i>Salmonella enterica</i> serovar BDlx.
